

Good Morning,

I have been wanting to write to you and compliment the excellent services of Sakunthala's Restaurant rendered by way of providing top class variety food with prompt delivery during Hari Raya at my Father-in-law's (Mr Ibrahim Abdul Wahab @ Blk 18, Jalan Sultan,#14-01) residence, last week.

On behalf of everyone who had visited my in-laws on that day, I must thank all the staff who were involved in the entire delivery for their top class quality efforts, without which it would not have been possible to have served an entire lot of friends and relatives (many of whom made sure that they went for a second and even a third helping and were all praise for the delicacies that served everybody at large. Congratulations to you and your staff for such excellence! No wonder you are the leaders when it comes to South Indian delicacies in Singapore!

As Benjamin Franklin once said -"A house is not a home unless it contains good food and fire for the mind as well as the body." - Your services just proved that and made each and every individual who had visited Mr Ibrahim Abdul Wahab's feel belonged to our family, with such good food, that must have stirred both the mind and body.

Thank you once again and I will strongly recommend to all my family and friends to look no further and give you a call for all their catering now and in the future. I wish you and your entire team, Eid Mubarak and Happy Deepavali!

Warm Regards,  
Muhammad Shaamel
